Saturday Immunization Clinic at DHD#10

District Health Department #10 (DHD#10) is offering several Saturday immunization clinics in 2017 to help accommodate families and their busy schedules.

This time of year, schools are busy notifying families who haven't had a chance to get their children immunized. With the typical winter germs children are exposed to and bring home, it's very important to make sure they are protected, to avoid getting sick. DHD#10 can provide school-required shots, as well as the very important flu vaccine.

According to DHD#10 Immunization Program Lead Robin Walicki, BSN, RN, "DHD#10 is very excited to provide this convenient Saturday clinic option to help families. It is our goal that all families are able to visit DHD#10 to get their required vaccines and stay healthy."

On Saturday January 28th, 2017, appointments are available at DHD#10 between 9:00-11:30am & 1:00-3:00pm. To make an appointment, call (231)723-3595. If you are unsure if you or your child is up to date on their vaccines, please call. DHD#10- Manistee County Location is located at 385 Third Street, Manistee, MI.
