

Community Conversation
Live Well Newaygo County
 May 19, 2016

What can we do in Newaygo County to move closer to our vision of a healthy community?

Catalyzing improvements in community policy, systems, and environmental change	Integrate behavioral, physical, social health and addiction systems	Create opportunities for healthy eating	Create opportunities for physical activity	Decrease teen pregnancy	Address primary care access and shortages
Incentivize healthy choices in workplaces	Address opioid, tobacco and alcohol addiction	Saturate community with healthy eating	Promote a culture of increased physical activity	Reduce rate of teen pregnancy	Address provider shortage
More effectively address determinants of health	Decrease tobacco/ nicotine use	Healthy food in hospital and schools	Increase dog parks	Let's talk about sex (teenage pregnancy)	Enhance access to primary care
Parenting related to health (holistic)	Recovery options for addictions (in county)	Making farmer markets user friendly	Saturate community with exercise opportunities		
General health education offerings and attainment	Mental health resources	Increase meals eaten around table	Biking trail system		
Focus on aging population	Increase mental/ psychological/ social/ spiritual support network	Farm to cafeteria system			
Make improvements in policies, systems and culture	Aggregate info about health programs	Increase healthy food options and decrease cost			
Address poverty through job creating and increased education	Integrate health and human services	Get local foods to our schools			
Supporting/ promoting current programs	Integration of physical and behavioral health				
Robust community population programs – health and wellness					
Environmental health - recycling
