

FOOD ESTABLISHMENT INSPECTION REPORTS ARE NOW AVAILABLE DHD#10 WEBSITE

May 7, 2019 – Eating out is something most everyone enjoys. Local health departments are charged with ensuring the food and beverages we order are safe to consume, and the facilities are clean and sanitary through regular inspections. Now food establishments inspected by District Health Department #10 (DHD#10) can find their inspection reports on the DHD#10 website - <https://www.dhd10.org/business/food-service/food-service-inspection-report/>.

“Having food establishment inspection reports online offers a convenient way for owners to easily get their reports, and also helps the public to be well-informed food service consumers,” stated Tom Reichard, Environmental Health Director. The reports are listed alphabetically by establishment name.

DHD #10 conducts food inspections at nearly 900 establishments in ten counties including Crawford, Kalkaska, Lake, Manistee, Mason, Mecosta, Missaukee, Newaygo, Oceana and Wexford. The types of facilities inspected include restaurants, fast food, bars and taverns, coffee and donut shops, cafeterias, schools, concession stands and catering kitchens. Inspections are unannounced and are conducted twice a year for those establishments open all year and once if they are seasonal. All facilities are inspected under the standards of the FDA 2009 Food Code.
