

WORLD FOOD DAY 2019

October 9, 2019 | World Food Day is a day of action dedicated to tackling global hunger. Held annually on 16th October, people from around the world come together to declare their commitment to eradicate worldwide hunger from our lifetime.

World Food Day promotes worldwide awareness and action for those who suffer from hunger and for the need to ensure food security and nutritious diets for all, with a large focus that food is a basic and fundamental human right. The day calls for action to make healthy and sustainable diets affordable and accessible to everyone and for people to start thinking about what they eat.

For 2019, the slogan “Our actions are our future. Healthy diets for a #ZeroHunger world” paves the way. Everyone: countries, decision makers, and businesses, District Health Department #10 included, can play a role by acting and promoting healthy diets and working towards achieving #ZeroHunger.

According to the Food and Agriculture Organization of the United Nations, “Addressing zero hunger isn’t just about addressing hunger, but also nourishing people, while nourishing the planet.”
