

GOVERNOR DECLARES 'STAY HOME, STAY SAFE' EXECUTIVE ORDER

All non-essential service sectors to close

March 23, 2020 – District Health Department #10 (DHD#10) is responding to Governor Whitmer's 'Stay Home, Stay Safe' executive order effective midnight, March 24th through midnight, April 14th. According to Governor Whitmer, this state-wide closure impacts all but essential and critical service sectors that "sustain and protect life".

"The Governor's state-wide 'Stay Home, Stay Safe, Save Lives' order is a measure to ultimately curb the spread of the virus and slow the progression of illness throughout the state" says Kevin Hughes, Health Officer for DHD#10. "Community members need to abide by this order to protect those who are most at risk of serious illness."

Because the situation is evolving so rapidly and there is a high potential that individuals have been in the public who have COVID-19 and don't know it, DHD#10 suggests that everyone should assume they may have been exposed. We ask that everyone follow the [CDC guidelines](#) and monitor yourselves for symptoms. If your symptoms become severe, contact your medical provider for further instructions.

DHD#10 staff are working constantly to monitor this evolving situation and will continue to provide new information to the community as things change. More information can be found at www.dhd10.org, www.michigan.gov/coronavirus, or www.cdc.com/coronavirus
