February 25, 2021 – District Health Department #10 (DHD#10) was recently notified that one of our Clinical Supervisors, George Davis-Williams, BSN, RN, was awarded the Michigan Public Health Association Nursing Section Award for Public Health Nursing Practice. Davis-Williams will be presented the award at the virtual Public Health Conference on April 13, 2021.

Davis-Williams was nominated by the nursing faculty at Baker College in Cadillac where he works with nursing students to orient them to public health and the programs and services at DHD#10.

“I am honored to receive this award, especially during a pandemic,” stated Davis-Williams. “Our nursing staff have worked tremendously hard over the past year and I am just the face of this award. Honestly, working with such a dedicated staff is reward enough.”
