

65+ FIRST DOSE COVID-19 VACCINE CLINIC SCHEDULED THIS FRIDAY

Sign up online

March 2, 2021 – District Health Department #10 (DHD#10) is hosting a First Dose COVID-19 Vaccine Clinic for residents 65 and older this Friday, March 5, at all ten DHD#10 offices. Sign up for the clinic is [online](#) and vaccine supply is limited, so eligible individuals are encouraged to sign up right away, even if you are currently on our waiting list.

“Many of our 65+ COVID-19 vaccine waiting lists are nearing the end, but based on census data, we know there are still many individuals in this category that have not signed up to receive the vaccine,” stated Kevin Hughes, DHD#10 Health Officer. “Our staff has had trouble reaching many who are on the waiting list also, so we wanted to host a clinic to accommodate our seniors who haven’t received their vaccine yet.”

This vaccine clinic is for individuals 65 and older only. Anyone who signs up that does not meet this requirement will be canceled. This is for the first dose of the COVID-19 vaccine only. Individuals will be scheduled for their second dose at this clinic.

Go to www.dhd10.org/schedule and read the instructions and information carefully before scheduling. Please note that if there are no times available when you select the date, then the clinic is full. Not every senior has access to the internet, so we encourage everyone to reach out to family, friends, and neighbors to assist them with scheduling online.

For questions, email us at covid@dhd10.org. To stay informed, sign up for our Public Health Alert at www.dhd10.org/subscribe.
