

FREE FACE MASKS AND FACE SHIELDS AVAILABLE AT DISTRICT HEALTH DEPARTMENT #10 OFFICES

April 19, 2021 – Over the last several months, District Health Department #10 (DHD#10) has received an abundant supply of Personal Protective Equipment (PPE) from the Michigan Department of Health and Human Service (MDHHS). In the past, the PPE supplied to DHD#10 has been distributed to community agencies and the public within our 10 counties to help protect individuals against COVID-19.

With the increase in COVID-19 cases across the state of Michigan, including Northern Michigan, DHD#10 is again offering to community agencies and the public non-medical grade face masks and face shields on a first come first serve basis. These supplies are available in all 10 of our county offices until they are gone. Anyone who is interested in receiving a free face mask or face shield should come to any DHD#10 office during business hours and ask the Clerk for more information.

Remember, you can help slow the spread of COVID-19 by masking up, maintaining social distance, following quarantine and isolation guidelines, and receiving the COVID-19 vaccine.

DHD#10 continues to provide Michiganders with the Moderna and Pfizer vaccine. To schedule a vaccine appointment, go to www.dhd.org/schedule; residents who need assistance scheduling an appointment can call 888-217-3904.

For questions, email us at covid@dhd10.org. For more COVID-19 vaccine information, visit us at www.dhd10.org/covid-19-vaccine. To stay informed, sign up for our Public Health Alerts at www.dhd10.org/subscribe.
