- Please do not line up early prior to clinic times.
- Please stay in your vehicles and someone will come to you for paperwork and testing.
- All clinics end promptly at the time stated or when capacity is reached (capacity is reached when the number of cars in line meets the clinic's ability to perform testing during clinic hours).
- COVID-19 testing is free and no ID or insurance is required but accepted.
- Clinics offer rapid antigen (results typically available within 30-60 minutes) and PCR testing (results typically available within 72 hours).
- If you test positive for COVID-19, you will receive a text message from DHD#10 asking you to complete a survey so case investigation and contact tracing can begin.
