District Health Department #10

Health Fair Event to Be Held in Idlewild, Lake County

August 25, 2026 – District Health Department #10 (DHD#10) and regional healthcare partners are working to increase awareness of healthcare services in our rural counties. DHD#10 will be hosting a health fair and mobile clinic on Friday, September 11, 2026, from 10 am – 3 pm at the Teem Center located at 1850 E. US 10, Idlewild, MI 49642.

“Mobile and offsite health clinics travel directly to our rural and underserved communities to provide health care. By operating directly in "healthcare deserts," clinics eliminate the need for people to travel long distances, significantly increasing access to care for rural residents,” stated Donna Norkoli, Regional Planning Manager at DHD#10.

DHD#10 and healthcare partners that serve Lake County are committed to expanding clinic services and bringing care closer to where people live and work. By meeting communities where they are, these clinics will increase access to care, enable early diagnosis of chronic conditions, connect people to needed resources and services, and reduce harms of substance use disorders.

This event is open to the public and free to all ages.

Services offered will include:

- DHD#10 HOPE Project Syringe Service Program provides free harm reduction supplies and naloxone, free Safe Use Kits, free sharps containers, and free HIV and Hep C testing.
- DHD#10 staff will be onsite with information on WIC services, Home Visiting resources, Community Connections Community Health Worker program, Tobacco Cessation, WISEWOMAN, RX kids program information, and Environmental Health resources.
- Meridian Health Plan Outreach.
- West Michigan Community Mental Health will host a resource and outreach table.
- Disability Network West Michigan will be available to connect people with services, supports, and community resources for those living with a disability.
- Corewell Health will host an outreach table to promote and facilitate access to Corewell Health services.

For questions, please contact DHD#10 Regional Planning Manager Donna Norkoli at dnorkoli@dhd10.org.
